Away from work Alan Nicholls spends as much time as possible with his wife and kids. Alan's interests revolve around triathlon and cycling. Alan and his 4 children train together and race together. Alan loves to race against his kids and to be beaten by his kids. These days Alan gets a lot of pleasure from triathlon and cycling as he is always being beaten by his kids. Alan enjoys running or cycling with his kids and talking about anything that happens to be the conversation at the time.

Alan is actively interested in the safety of cyclists and the creation of a safer environment for cyclists.

Alan's main aim in life is to have a happy and healthy family.
